

## Call for Papers and Participation 2006 ASSA Conference and Meetings January 5-7, 2007

- **Who:** You are invited by the International Association for Feminist Economics (IAFFE) to participate in the IAFFE conference to be held in conjunction with the Allied Social Science Association (ASSA) meetings.
- **When:** The conference will be January 5-7, 2007. Proposals/abstracts must be submitted **no later than April 1, 2006** to be considered for the conference.
- **Where:** Chicago, Illinois USA
- **What:** Abstracts (or papers) and proposals for sessions are invited for IAFFE sessions and jointly sponsored sessions at the ASSA meetings in January 2007. IAFFE will have three sessions and will endeavor to again jointly sponsor sessions with other organizations such as the Union for Radical Political Economics (URPE), the Association for Social Economics (ASE), the History of Economics Society (HES), the Labour and Employment Relations Society (LERA), the Association for the Study of the Grants Economy (ASGE) and Economists for Peace and Security (EPS).

We are particularly interested in session proposals. Preference will be given to session proposals that involve presenters from more than one country, in keeping with the international mandate of IAFFE. Individual abstracts are encouraged on any topic of relevance to feminist economics, including theoretical, methodological and policy oriented work. Issues of particular interest include changing demographics, migration, AIDS and sexuality, unpaid work, precarious work and the informal economy.

- **How:** All abstracts and session proposals *must* be submitted via the IAFFE conference website at (<https://www.iaffe.org/conferences/papers>). \*
- *Panel Submission Instructions:*
  - The panel organizer should submit the panel information, using the online submit form. You should include the title of the panel and a brief abstract, as well as the contact information and submission ID for each paper on the panel. Please indicate if the proposal is for a joint session with another ASSA organization, and on whose account the session is to be organized.
  - An abstract of each paper to be presented on the panel should be submitted via the online system as if it is a stand alone paper.
  - Panel participants please provide your submission/paper ID# that you receive once you complete the submission process. This information is critical to ensure that the panel session is organized properly.
